Omschrijving:

Offered for sale are 3 houses and 2 barns with the most beautiful gardens, edge by a stream, near Lussac-les-Églises in the Haute Vienne, Nouvelle Aquitaine.

The village of Lussac-les-Eglises, is just 3km away and it has a SPAR supermarket, pharmacy, butcher, and a few bars and restaurants, Saint-Leger-Magnazeix (8kms): a lively village with a bar, restaurants, post office, newsagent, and garden centre. The nearest towns are Magnac Laval (13km) Le Dorat (17km) Chateauponsac (30km), La Souterraine (33km) and Bellac (30km).

Le Dorat and Bellac have train stations with trains to Limoges and Poitiers, Poitiers station has cross platform TGV connections to Paris, Bordeaux and other French cities plus Brussels and London (via Lille). La Souterraine has direct trains into Paris, making this area very accessible.

Limoges Airport is around 1 hours' drive, Poitiers around 1 hour 30 minutes; both having a great variety of flights into the UK and other European destinations.

The 1st house has 1 bedroom and was renovated over the last 30 years, the second house is 2 bedroom and again has been renovated, it was used as a gite at one point, the 3rd house needs complete renovation.

The houses sit in their own little row (the renovation house is behind the gite) and are set nicely away from the country lane that passes the front of them; to the back of the houses, you have the most amazing gardens of around 8240m2 with well, potager, hangar, terraced eating areas, BBQ, pond. All of this is edged by the small stream, which I assume is named as it is because of the beautiful woodlands on the far bank which frame the garden perfectly and make the garden feel quite private and magical.

House 1 - Has a nice entrance hall which runs to the door into the back garden, a downstairs toilet and shower room and a large living/dining/kitchen area, upstairs is a large landing, a second bathroom and again a very large bedroom, which would easily split into to two if required.

House 2 - Has a kitchen/dining room, a separate living room and a back hallway with WC AND access to the back gardens, upstairs you have a landing, 2 bedrooms and a bathroom with WC.

House 3 is a total renovation, personally I would just tidy it up and use it as a gym or summer kitchen/games room.

The first 2 houses benefit from mains electricity and water; drainage is a septic tank; it was inspected in 2018 and there were some reservations reference vent pipes, this would have to be verified, but it works perfectly well. The first 2 houses are mostly double glazed and house 1 has a pellet burning fire, House 2 has the provision for a wood burning fire.

The owner has a fibre internet connection.
