### Omschrijving:

- Set high above the rooftops of Berlin on the 7th floor of a well-maintained building with lift access, this exceptional penthouse offers a rare combination of space, light, and outdoor living. Built in the early 2000s, the residence spans the entire top level and enjoys an enviable position in one of Prenzlauer Berg's most desirable streets, just steps from Kollwitzplatz.

With two long balconies stretching the full length of the apartment - one facing east to catch the morning sun, and one west for spectacular sunsets - this home is designed for those who value both privacy and open-air living. Above, a private roof terrace crowns the property, offering breath-taking panoramic views of the Berlin skyline, including the iconic TV Tower and the historic Wasserturm.

Inside, the penthouse encompasses five rooms and two bathrooms, providing flexible living space ideal for families or those who love to entertain. Generous windows flood the interior with natural light

throughout the day, and the dual-aspect layout ensures a bright and airy atmosphere year-round.

Currently registered as two separate apartments in the land registry, both units are being sold together as one offering, allowing future owners the freedom to combine or configure the layout to suit their needs.

Additional comforts include an underground parking space, secure access, and a well-kept communal entrance.

The location is unbeatable: tree-lined streets filled with cafes, bakeries, boutique shops, and organic markets surround the building. Excellent schools, playgrounds, and green spaces like Kollwitzplatz and Volkspark Friedrichshain are just a short walk away, while transport connections place the rest of Berlin within easy reach.

The apartment consists of two units that have been combined together.

A truly special property that combines the charm of Prenzlauer Berg living with the luxury of space, light, and unforgettable views.
