Pattaya™s newest luxury ECO friendly residential resort Pattaya™s largest new inner city resort style development, built on a centrally located land parcel of 12.9 Rai (20640 SQM)

The project has 2 types of residence, one is a luxury townhouse and the second is a condominium. They will offer facilities normally associated with a large hotel, and will provide full international property management services on completion.

The focus is on offering a luxury eco friendly lifestyle, high quality fixtures fittings and materials, wastewater management and solar energy, and offer owners a true resort style living experience.
