Omschrijving:	

This 39 sqm one-bedroom apartment offers a more generous layout within a fully integrated resort-style complex, making it ideal for guests who value comfort without losing efficiency. The unit features a well-proportioned bedroom with an ensuite bathroom, a dedicated living room area, and a functional kitchen with dining space. Fully furnished and thoughtfully designed, the apartment maximizes space while maintaining a relaxed coastal atmosphere, complemented by direct access to a shared swimming pool and unobstructed ocean views.

Located inside a comprehensive lifestyle complex, the apartment enjoys access to premium shared facilities including two outdoor swimming pools, multiple restaurants and bars, a full-service spa, fitness center, co-working space, kids area, retail outlets, and a helipad. Situated in a designated pink zone area, the property is well-positioned for legal hospitality operations. Its strategic location places it just five minutes from Nunggalan Beach and ten minutes from Nyang-Nyang Beach, an increasingly sought-after area for both leisure travelers and long-stay visitors.

This larger apartment type is especially suitable for long-term investment, offering stronger rental flexibility and wider market appeal compared to smaller units. With projected rental returns of 13–15% and potential capital gains of up to 35%+, it presents a balanced combination of lifestyle value and financial performance. The increased size, ocean view, and placement within a fully serviced complex make this unit a solid option for investors seeking stability, scalability, and long-term growth in Bali's southern coastal corridor.
