Locatie

Aanbevolen Auto Onderdelen: Portugal
Staat/Regio/Pronvincie: Évora
Plaats: Viana do Alentejo
Geplaatst: 15-01-2026

Omschrijving:

Strategic Location

Central Alentejo, 20 km from Évora, with good access to the road network and about 300 meters from the nearest village, ensuring proximity to infrastructure, labor and services, without significant constraints of territorial framework.

Asset Description

Property with approximately 99 hectares, with continuous configuration, favorable topography and excellent sun exposure, fundamental characteristics for the development of medium large scale photovoltaic energy projects.

Capacity for Photovoltaic Project

There is identified potential for the installation of photovoltaic panels in an estimated area of about 30 hectares, allowing the development of a relevant energy project, compatible with agricultural or forestry exploitation in the remainder of the property.

Infrastructure and Resources

Two existing ponds, relevant for operational support, water management and environmental mitigation
