Omschrijving:

11-hectare wine estate with winery, tasting room, storage facilities, olive mill and apartment for sale in Montepulciano, Siena. In the hills of vineyards and olive groves surrounding the town of Montepulciano, tufaceous soils perfect for the cultivation of Sangiovese, Il Nobile Nettare with a fully equipped winery for vinification and aging, dedicates over 7 hectares of vineyards to the production of 60,000 bottles of Vino Nobile di Montepulciano DOCG, Rosso di Montepulciano DOC and Chianti Colli Senesi DOCG. Very impressive is the cave cellar for aging in wooden barrels, while with panoramic views a large tasting room overlooks the vineyards. The 1,000 olive trees, aged between 20 and 50 years, produce a certified organic and cold-pressed evo oil. Next to the winery building, along with outbuildings for storage and warehouse use, a second building is for living quarters, on two levels, with two bedrooms. The cellar building was completely renovated in the year 2000 while the living quarter is in need of upgrading and new restyling. Close to Montepulciano, in an enchanting position, an excellent production of both wine and evo oil, a marketing of the products already started in Italy and abroad. Possibility of expanding the existing volumes and building a swimming pool for private and agritourism purposes.
