Omschrijving:

~A building plot perfect for residential use is offered in Santa Cruz de Tenerife, the capital of the island, known for its mild climate and as a popular tourist destination. The land has a total of 2500m² above ground and 900m² below ground, which offers ample possibilities for the construction of collective housing.~~In addition to its residential use, the plot is also compatible with commercial activities, offices, industry, tourism, and community projects, which provides interesting versatility for potential investors and entrepreneurs.~~The location of the land is exceptional, since it is located in a central area, surrounded by shopping centers, public transport services, leisure areas, schools, medical centers and parks. This proximity to important services and facilities adds value and attractiveness to the plot.~~Priced at €215,000, this offer represents a great opportunity for those interested in developing residential or commercial projects in a privileged and attractive location in Santa Cruz de Tenerife. It is a promising investment for those looking to take advantage of the tourism boom and the appeal of this charming seaside town.~
