Build your dream in the heart of the Douro Valley

Located in Caldas de Aregos, this urban plot of 4,972 m² represents a rare opportunity in one of the most emblematic regions of Portugal. Benefiting from an approved PIP, it allows the construction of a three-storey residential building for two families, consisting of two levels above ground and one below, totaling a construction area of 690 m².

The basement is intended for a garage with four parking spaces. The land is fully served by the public water and sewage networks, while rainwater is naturally absorbed by the soil, ensuring a harmonious integration with the environment.

Ideally located just five minutes from the famous thermal baths of Caldas de Aregos, it offers stunning views of the Douro River and is in immediate proximity to the marina. The center of Resende can be reached in seven minutes, 1 hour from the emblematic city of Porto and 1 hour and 20 minutes from the international airport.

This unique plot combines nature, well-being and accessibility, making it an ideal choice for primary residence, second home or a quality real estate investment.
