For sale complex of 195 sq.meters in Kavala suburbs. The complex has 2 levels. A magnificent view of the sea, the mountain, the forest opens up from the windows. Extras included with the property: parking space, garden. There are properties that simply meet expectations and others that create a lifestyle. Set in an elevated position with uninterrupted open views, this exclusive development of three detached villas offers a rare sense of privacy and tranquility. Each residence unfolds across two levels within a private, fully fenced plot of 2,753 sqm, surrounded by the timeless beauty of olive trees. The upper residence enjoys breathtaking panoramic sea views overlooking the coastline of Ofrynio Beach, while the other two villas offer a balanced outlook between sea and mountain, creating a peaceful natural setting. Beyond the architecture, the land itself is a defining feature. Mature olive trees not only enhance the landscape but also produce high-quality virgin olive oil adding both character and value. The properties are approximately 95% completed, allowing the future owner to finalize kitchens, sanitary ware, and finishing touches according to personal taste. Delivery can be completed shortly after agreement. Each villa benefits from private outdoor space, designated parking, and the potential to further enhance the property with swimming pools, BBQ areas, and outdoor living spaces. This is a location that guarantees long-term privacy, uninterrupted views, and a sense of seclusion that is increasingly hard to find. Ideal for multiple families seeking proximity with independence, a large private family estate, or a premium investment opportunity in holiday residences.
