Omschrijving:

A building plot of 985 m² in an excellent location only 100 m from the sea in the village of Slatine, near Trogir, is for sale. The land is selling with the existing project documentation and submitted building permit application. The land is in an unbuilt part of the construction area, purpose S – mainly residential.

According to the project documentation, it is planned to build a villa with an underground garage and a swimming pool on the land, with a total gross construction area of 358 m². The villa has a basement, ground floor and first floor. All floors are connected by an internal staircase. In the basement there is a storage room and a garage. The ground floor consists of a spacious living room, kitchen, dining room, bedroom, wardrobe, bathroom, and guest toilet. On the 1st floor there are 4 bedrooms, each with its own bathroom. The bedrooms have access to the balconies. 6 parking spaces will be provided on the land, of which 4 are outside the building on the parcel, and 2 in the underground garage. The plot also has a summer kitchen, a dining area, a swimming pool and a sun deck.
