Omschrijving:

Wonderful 80 m² apartment for sale that stands out for its functional layout and its feeling of spaciousness. The house consists of three well-proportioned bedrooms, a cozy living room with good natural light, a fully usable independent kitchen and a bathroom in good condition. In addition, it has a pleasant terrace, perfect as a space to vent or to enjoy the outdoors on a daily basis.

One of the strengths of this property is its comfort and general condition, which allows you to move in without the need for major renovations. It has gas heating.

The building is in a very good state of maintenance: ITE passed, with no pending spills and with the interior façade currently in the process of completion, which brings tranquility and added value to the property.

The location is another of its great attractions: located next to the metro, with all essential services within reach (public transport, shops, schools and leisure areas), which makes day-to-day life especially comfortable.

An ideal opportunity for both families and those looking for a functional, well-located and uncomplicated home. - REF: Santurtzi EU
