3+2-BEDROOM LUXURIUS VILLA – AN EXCLUSIVE LIFESTYLE

Discover a truly unique property where the serenity of the countryside meets the convenience of city living. Set within an organically certified farm estate, this residence blends luxury, authenticity and a lifestyle deeply connected to nature. Here, time slows down, and every detail invites you to live with greater quality, balance and well-being.

The setting is simply enchanting: generous orchards, carefully tended vineyards, natural walking trails, and two beautiful lakes fed by thermal waters that rise directly on the estate, creating an atmosphere of rare beauty and tranquility. As you stroll through the property, you can pick fresh fruit from the orchard, observe horses, ducks and other farm animals, or simply immerse yourself in the silence and purity of the natural surroundings.

This property also offers an incomparable privilege: direct access to the historic Mata Rainha D. Leonor, a true green sanctuary ideal for long walks, running, cycling or peaceful contemplation. At the same time, it allows you to reach the city through the estate itself — a perfect fusion of rural privacy and urban convenience.

The residence blends harmoniously into the landscape, distributed over two floors that take advantage of the natural slope of the terrain. On the entrance level, large windows reveal panoramic views over the beautifully landscaped gardens and the thermal lakes.

The interior of the home stands out for its understated elegance and a layout designed with great attention to detail. The open-plan kitchen and living area flow naturally onto the south-facing porch and garden — a perfect setting to enjoy the golden light of the Silver Coast.

This project forms part of a private condominium with only 22 two-storey villas, currently under construction, with half of the properties already sold — a clear testament to the exclusivity and prestige of the development. The villas are being built in 2-Bedroom and 3-Bedroom layouts, with the option of adding two additional ensuite bedrooms on the lower floor.

Here, you also have the rare opportunity to personalise your home, choosing part of the finishes and creating a project that reflects your own taste — elegant, distinctive and truly yours
