With 234 m², this two-storey villa offers an experience marked by the elegance of the spaces, the excellent natural light and the feeling of comfort that extends throughout the house.

On the ground floor, the presence of the garage, the entrance hall and a bathroom creates a practical and functional base for everyday life.

On the first floor, the house reveals all its dimension and sophistication, with four large bedrooms, all with air conditioning, three of them with wardrobes, and an organization designed to meet the demands of a comfortable family life.

The social areas are distinguished by their generous areas and cozy atmosphere: the large living room with fireplace, the dining room with direct access to the backyard and the large kitchen, with excellent natural light and a large pantry area, make up a harmonious, functional and very pleasant environment to live in. The natural wood flooring in the bedrooms and living rooms adds nobility, warmth and character to the house.

Outside, the private backyard with 72 m² is a true extension of the house, offering a rare space in the city center, with good sun exposure, porch, storage room and barbecue, ideal for moments of leisure, conviviality and a more reserved and sophisticated experience.
