ABOUT THE AREA

Athens is the capital of Greece. It was also at the heart of Ancient Greece, a powerful civilization and empire. The city is still dominated by 5th-century BC landmarks, including the Acropolis, a hilltop citadel topped with ancient buildings like the colonnaded Parthenon temple. The Acropolis Museum, along with the National Archaeological Museum, preserves sculptures, vases, jewelry and more from Ancient Greece.

Paleon Faliron area

Paleon Faliron is a suburb south of Athens located on the Athens riviera. It is 5 km away from the City center and 15 minutes drive to the Piraeus Port that is the main Athens Port.

Paleon Faliron has always been a relatively upscale area ie rich people had a second house in Paleon Faliron due to the proximity to the sea.

It is a family friendly area and is known for its wide promenades to the sea front, several beaches, cafes, restaurants, summer night clubs and beach bars in the neighbouring areas.

The area is further more upgraded due to the redevelopment of Flisvos Marina and mainly the construction of the famous Stavros Niarchos Cultural Centre. SNFCC is a public space where everyone has free access and can participate in a multitude of cultural, educational, athletic, environmental and recreational activities and events (photos will be sent separately). It is one of the largest green areas of Athens, covering 21 hectares. Inside this area there is the Greek National Opera and the National Library of Greece.

Paleon Faliron area has also easy access to trams, train stations and bus services.

The area is prime choice for real estate inventors during the last years. The value of the area is going to increase more as in the neighbouring suburb Ellinikon there will be a huge investment with the creation of a Metropolitan Park of 2.000.000 square metres including hotels, expensive apartments, athletic areas etc. It will be the largest urban reconstruction in Europe.
