Omschrijving:	

Discover this superb, beautifully renovated house. Blending the old and the new to perfection, this property comprises a 4-bedroom main house (with ground-floor living), a lovely, completely private garden and numerous outbuildings. Are you planning to run a holiday cottage or guesthouse? By renovating the barns and the large workshop (subject to the necessary planning permission), this dream can become a reality: the layout of this property is ideal, with its two separate entrances, and the property can easily be divided into two to create two private spaces. All the outbuildings have electricity. Heating is provided by state-of-the-art electric radiators, two pellet stoves and two wood-burning inserts. In summer, you can enjoy the outdoors by cooling off in the swimming pool and savouring delicious meals in the summer kitchen.

Situated in a quiet hamlet not far from the amenities of Sauze-Vaussais and Chef-Boutonne, you'll experience a true country lifestyle without cutting yourself off from the world.

A must-see!
