Omschrijving:	

This large detached villa enjoys an enviable position in the heart of Ciudad Quesada. It also occupies an enormous plot, offering plenty of outdoor space and privacy.

The south-facing property features a truly impressive private swimming pool with feature fountain. Next to the pool, a summer house creates a fantastic space for cooking and entertaining. This could provide additional accommodation for visiting family or friends.

The property also benefits from a garage with a roof terrace above. From here, you can enjoy lovely views to the lakes.

At the front of the villa, a huge glazed terrace creates an additional living area. This versatile space works perfectly as a second lounge, dining area or relaxing retreat.

Inside, the villa follows the popular Luz model. The main lounge and dining area offers an impressive

amount of space. The adjoining kitchen remains separate but connects conveniently through a breakfast bar.

The villa provides two spacious guest bedrooms and a family shower room. In addition, the enormous master bedroom benefits from its own en-suite shower room.

Below the main villa, a useful basement provides valuable additional storage space. Therefore, the property offers plenty of room for both everyday living and family visits.

The villa comes fully furnished and features air conditioning throughout. Its central location also makes everyday life particularly convenient.

The main commercial area of Ciudad Quesada sits just a ten-minute walk away. Supermarkets, bars, restaurants and the medical centre are all within easy walking distance.

As a result, this property combines generous outdoor space with a highly convenient location. It offers an excellent opportunity for families seeking a substantial home in Ciudad Quesada.
