Now this is something we get many requests for , a beautiful property with accommodation all on one level , with a manageable amount of land and walking distance from Olvera ! and a short stroll to one of our favourite ventas !

This kind of property is a very rare find and not only does it have all of this there are bonus spaces with many possibilities

Set just a 10 minute walk from the village in just over 7000 meters of fenced land we have this wonderful chalet .

Easy off road access ,yet pretty peaceful the finished single level accommodation has 3 great sizes bedrooms with built in wardrobes , one full bathroom , and a smaller shower room , there is a large lounge with fireplace and a spacious kitchen diner, al in immaculate condition .

The house has terraces on 3 sides with access from all living areas, these have beautiful views , shady porches for sitting out during the summer and ample room for outdoor living .

There is good space for off road parking and a small fenced swimming pool too .

There are manicured flower beds and various fruit trees directly around the house and then the land which is fully fenced and has two other gated entrances , the main gate into the house is electric.

the property is connected to both mains water and electricity plus has a large solar installation for generating electric.

Everything is beautifully maintained and easily managed built with quality materials the house has double glazing throughout too.

As if this wasn't enough there are two further levels one below the accommodation , a large garage with enough space for a few cars and equipment , this can be accessed from a door in the kitchen or via the outside .

And the next level down is in bruto stage has the same foot print as the main floor and could be finished as a separate home for guests of maybe a rental , we have extra photos of this area which we can send on if curious .

A viewing is highly recommended here, to fully appreciate it .
