Description:

Managed by realtor Sherry Shubert, whose experience in the mortgage banking industry extends to over 20 years, Houston Luxe Properties is one of the top real estate agencies in Houston. We have an extensive knowledge of the Houston real estate market and area neighborhood trends, right down to the communities at street level. Whether you are looking to buy a property or sell one, we can handle all your real estate needs. If you are a buyer, we will help you to find properties by location, price, number of beds and bathrooms, and other parameters. Given our wide-ranging connections in Houston and the neighboring areas, we can even help you find houses that do not appear on public listings. We can work with you according to your schedule and you can decide whether or not to make a purchase without any pressure or expectations from us. Not only that, but we can also undertake the home purchase negotiation on your behalf and we will make every effort to get you the best possible price for the property. If you would like to calculate the mortgage rates and the FHA and VA rates of the properties you are interested in, you can use the calculators that we have made available on our website. And the best part about our real estate service is that we will do it for absolutely free. Yes, that's right, you do not need to pay us any commission, as we get our commission from the property seller. If you are a seller, we will guide you through the entire home-selling process. This includes prepping your house for sale and setting a price, responding to offers, preparing for a home inspection, getting an appraisal, and closing the deal.
