The white sandy beaches of Cabo Roig, La Zenia, Campoamor or Mil Palmeras are only 7km away as well as the new open plan shopping center of “Zenia Boulevard”.

 Numerous architects and technical teams worked hard to achieve the infrastructure and general guideline for the design of the Resort of Las Colinas as well as the properties that are situated within. Keeping in line with the modern design and architecture is one of the key points and reason for the success of Las Colinas Golf & Country Club as well as the respect of the surrounding green area and being able to adapt any new design and property project within its natural environment. A low density housing development where you will always enjoy more green area than build area compared to other resorts and developments in the region, this is a unique criteria and makes Las Colinas such a special destination.
