## ABOUT THE AREA

Dubailand Residence Complex is located in Dubai Land a.k.a Wadi Al Safa 5. It is accessible by main Dubai highways that makes its location convenient for residents to get to and from main key points in the city.

Dubai is a city and emirate in the United Arab Emirates known for luxury shopping, ultramodern architecture and a lively nightlife scene. Burj Khalifa, an 830m-tall tower, dominates the skyscraper-filled skyline. At its foot lies Dubai Fountain, with jets and lights choreographed to music. On artificial islands just offshore is Atlantis, The Palm, a resort with water and marine-animal parks.

With the world's tallest building, the world's biggest shopping mall and the world's biggest choreographed fountain, Dubai's a city that breaks records for fun. Glamorous hotels on purpose-built islands and seven-figure yachts are all part of the fabric of the UAE's answer to Tinsel Town. Its ever-evolving city centre's just one of the things that makes it a must-see. And because the skyline is always getting bigger and bolder, it's not uncommon to see a spot of construction work going on around the city.

Dubai's shoreline's a real eye-catcher, and not just because of the stellar sands. True to form, the city ups the game with a huge, hotel-studded island shaped like a giant palm tree. From here, you can spy one of the city's most iconic skyscrapers – the sail-shaped Burj Al-Arab – from your lounge. Sunbathing's a year-round pastime in Dubai, thanks to a steady dose of sunshine. In peak summer – July and August – the mercury can reach 40oC. And, even in the winter months, from December to March, the temperature rarely dips below 17oC.
