ABOUT THE AREA

Charente is a department in the administrative region of Nouvelle-Aquitaine, south western France. It is named after the river Charente, the most important and longest river in the department, and also the river beside which the department's two largest towns, Angoulême and Cognac, are sited.

Nestled in South West France lies the department of Charente. Boasting fantastic weather and countryside, it also offers great value for money when property searching. Whether you're looking for a bustling and lively or more rural pace of life this diverse area has loads to offer. But how to decide where to live in the Charente?

One of the original departments created during the French Revolution, Charente (department 16) is so named after the river that runs alongside its two biggest towns Angoulême and Cognac. This region is steeped in history and culture, is proud of its laid back outdoors based lifestyle and is world famous for the production of Cognac and Pineau de Charente.

Having one of the most desirable climates in France, the region really thrives when it comes to outdoor activities and water sports. The variety of the countryside with its hills, tracks, lakes and rivers provides the perfect backdrop to the wealth of activities on offer. The draw of horse riding, cycling, kayaking, canoeing and the ability to be outside for so much of the year is a reason that lots of families choose this area to settle in. The people, the food and the laid back lifestyle is simply the cherry on the top of this delicious cake.

Being the perfect holiday destination, the area is popular both with holiday home owners and permanent residents. Buying property with gites and cottages attached enables the creation of businesses offering holiday accommodation over the summer months and long term letting also provides an additional income stream possibility.
