- 12 min from the airport
- 25 min from A Coruña
- 35 min from Sanxenxo (Pontevedra)

Price: 1.350.000 € . option to build another villa on the property

ABOUT THE AREA

Santiago de Compostela is the capital of northwest Spain's Galicia region. It's known as the culmination of the Camino de Santiago pilgrimage route, and the alleged burial site of the Biblical apostle St. James. His remains reputedly lie within the Catedral de Santiago de Compostela, consecrated in 1211, whose elaborately carved stone facades open onto grand plazas within the medieval walls of the old town.

For centuries, thousands of pilgrims have travelled on Saint James' Way every year, finally reaching the capital of Galicia and entering the iconic Cathedral. According to tradition, this is the burial place of the relics of James the Apostle, discovered in the 9th century.

But Santiago de Compostela is very much a living city, with other attractions for travellers, pilgrim or not: countless restaurants and bars where you can enjoy the delicious seafood of Galicia, a UNESCO World Heritage old town centre, daring contemporary art... There's plenty to do in this city which combines history with a younger modern side.

To be tempted by delicious smells and tastes, and see why Galicia's food is so famous, there's nothing like a visit to the Mercado de Abastos food market, the second most visited place in the city. Here you can buy and taste seafood fresh from the rías, cheeses and Padrón peppers, or try the famous tapas. You can also feel the real atmosphere of Santiago on Calle Franco and Calle Raiña, in the heart of the old town, where locals and visitors have been enjoying tapas 'since forever' and where you will find plenty of restaurants for trying octopus 'a feira', scallops, Santiago cake or wines like Albariño, considered one of the world's best white wines.

Beyond the winding streets and the stone mansions, the modern side of Santiago can be seen around the university area, in its art galleries, and above all in two places: the Galician Contemporary Art Centre and Cidade da Cultura by the New York architect Peter Eisenman, one of the most surprising examples of

Galicia's contemporary architecture. Many people say that taking the Way and arriving in Santiago is an adventure that can change your life. This city certainly seems capable of keeping you here.
