ABOUT THE AREA

Seychelles is not just another destination; it is paradise in the middle of the Indian Ocean, The Seychelles is an archipelago of 115 islands in the Indian Ocean, off East Africa. It's home to numerous beaches, coral reefs and nature reserves, as well as rare animals such as giant Aldabra tortoises. Mahé, a hub for visiting the other islands, is home to the capital Victoria. It also has the mountain rainforests of Morne Seychellois National Park and beaches, including Beau Vallon and Anse.

Visitors may choose to discover the granitic inner-islands of Seychelles, located around the principal islands of Mahe, Praslin and La Digue; many of which are well renowned for their picture perfect powdery white beaches framed by massive granite boulders.

Nature lovers wishing to explore the islands' walks and trails will encounter some of the rarest species of fauna and flora on Earth. Nowhere else will you find the largest seed in the world, the Coco-de-Mer, or the rare jellyfish tree with only eight still surviving. Seychelles is also home to two UNESCO World Heritage Sites, namely; Aldabra – the world's largest raised coral atoll and the primeval forest of Praslin's Vallee de Mai – home to the Coco-de-Mer palm.

If you are a diving or snorkeling enthusiasts, the crystalline waters of The Seychelles will be far too appealing to ignore; offering a living tropical aquarium, teeming with fish life and gigantic colorful coral reefs. It is every divers dream to swim alongside whale sharks, sea turtles mantas and dolphins; this is the opportunity of a lifetime and it is not to be missed!

Considering the abundance of marine life, every fisherman's dream could become a reality. Whether, it's going toe to toe with wahoo, sailfish, marlin or tuna in the deep seas of the archipelago or merely casting your fly lines on the superb shallow flats, Seychelles is home to the thrill of the 'big' catch.

One of the best things about traveling is getting to see different cultures. The culture of the Seychelles is a unique mix of African, European, and even Asian influences. Local art, music, and architecture take on the distinctive form of the Seychelles vernacular. Go on a cultural journey by visiting the Colonial Centre of the world's smallest capital, Victoria. Highlights include The Court House, Kenwyn House, The Natural History Museum, The Main Post-Office and the 'Little Ben' Clock-Tower which is over 100 years old.

In the heart of this paradise lies Eden Island, a private man-made island just off the East coast of Mahe. The island resort comprises of a range of accommodations as well as an international marina and Eden Plaza with a variety of shops and restaurants to suit everyone's desires.
