Description:

Great villas combine an exceptional location with exclusive features that are rarely found. This stunning project comprises of 16 luxurious villas with sea views. A sunken private road offers discreet access for residents. The raised and secluded ground floor opens onto large lush gardens with a vanishing edge swimming pool. Twelve of the villas are designed to have the flexibility to accommodate the living spaces either on the ground floor or, alternatively, through raised living spaces on the first floor. Moving through these living spaces, a convenient lift is in place. When the mood arises, the villas come equipped with a roof garden for impromptu romantic get-togethers. On the other hand, the four seafront villas come with the upgraded raised living configuration as standard. They are further enhanced with signature sloped roofs that open to the sky. The configuration of these houses enables true 180-degree panoramic views of the Mediterranean Sea while also providing privacy. The gardens and swimming pools are unique to this special complex for the truly discerning.
