ABOUT THE AREA

Nilaveli's 4km stretch of sand is considered one of Sri Lanka's best beaches and with its paradise-island remoteness, swaying palms and golden tinge to the shore, it's easy to see why. As such, it's a surprise that it is so little frequented. A few modest resorts are tucked above the shore line and Pigeon Island, which offers great snorkelling opportunities, is a short boat ride away.

Trincomalee is a port city on the northeast coast of Sri Lanka. Set on a peninsula, Fort Frederick was built by the Portuguese in the 17th century. Within its grounds, the grand Koneswaram Temple stands on Swami Rock cliff, a popular vantage point for blue-whale watching. The holy complex contains ornate shrines and a massive statue of Shiva. Nearby Gokanna Temple has panoramic views over the city and the coastline. Famous for its deep, sapphire-blue harbour, its powdery beaches and charming Hindu culture, Trincomalee has always been one of Sri Lanka's most captivating destinations. Located along the far-flung north eastern coast of Sri Lanka, it is easy to reach from the Cultural Triangle, and can be accessed via air from a handful of locations in Sri Lanka.

Any introduction to Trincomalee begins at its magnificent natural harbour, considered for millennia to be one of the finest in Asia. It was used as a trading port throughout the Anuradhapura and Polonnaruwa periods, and was later the focus of battles during the colonial period when succeeding European nations vied for control of the island. When it was the turn of the British to colonise the island, then known as Ceylon, the Royal Navy established a naval base at Trincomalee which was later attacked by Japanese fighter pilots during World War II. At the Trincomalee War Cemetery, you can wander between rows of white gravestones belonging to soldiers of the British Empire killed during the war.

Trincomalee is located on Sri Lanka's north eastern coast. Stretching either side of a narrow peninsular, it is flanked by some of the most idyllic white-sand beaches in Sri Lanka. Trincomalee is a two-hour drive from Anuradhapura, in Sri Lanka's Cultural Triangle, and 265-kilometres from Colombo. You can also fly into Trincomalee's domestic airport.

Some of Trincomalee's highlights include a spray of white-sand beaches, exceptional diving, whale watching voyages, the history and culture of Fort Frederick and Koneswaram Temple, and the chance to soak up a way of life characterised by Tamil Hindu culture.

The coastal waters off Trincomalee are blessed with an abundance of marine life. Diving and snorkelling are popular past-times, and no-where is better for this than Pigeon Island National Park, a 10-minute' boat ride from Nilaveli beach. Named after the blue rock pigeons that have colonised the twin islands here, the vast majority of the national park is underwater. Coral reefs harbor turtles, black tip reef sharks and over 300 varieties of fish. Tickets for the national park need to be purchased prior to arrival on the island.
