Lagos is located on the coast of the Algarve, which is why it is a city known for the beauty of its golden coast, beaches of crystal clear water that bathe the famous Caves of Ponta de Piedade and for its historical side very connected to the age of the Discoveries.

It is the ideal place for those who like to practice sports such as Tennis or Golf. Water sports here are also very popular, activities such as water skiing, sailing, windsurfing, spearfishing and diving.

Its delicious typical gastronomy, Lagos has a gastronomy full of fresh flavors, namely fish and seafood dishes cooked in different ways.

The hospitality of the locals is one of the qualities mentioned by the tourists who pass through here, as well as the typically Mediterranean climate that delights visitors to this charming city.
