Description:

In a beautifully crafted Art Deco building, made of Paris stone, discover this charming apartment on the top floor with elevator. Composed of a beautiful living room, this apartment is through, facing south east and bathed in light. A hallway leads to a large bedroom, an office or spare bedroom, an independent kitchen, a bathroom and a WC.

The apartment benefits from air conditioning, double glazing and a large healthy cellar.

The building is guarded.

The city of Paris is divided in 20 arrondissements. The first one is in the centre, the following ones spiral outwards in a clock-wise direction. Most of the famous tourist attractions can be found in one of the central 8 arrondissements.

The arrondissements are encircled by the peripherique, a ring highway. Outside the peripherique are the banlieues, the suburbs of Paris.
