Just 15 min away it is Hurghada. Hurghada is a city in the Red Sea Governorate of Egypt. It is one of the country's main tourist centres located on the Red Sea coast.

About the Area

Hurghada was founded in the early 20th century. For many decades it was a small fishing village, but it has grown into a major Red Sea resort as a result of Egyptian and foreign investment that began in the 1980s. Holiday resorts and hotels provide facilities for windsurfing, kitesurfing, yachting, scuba diving and snorkelling. The city is known for its water sports, nightlife and warm weather. Daytime temperatures are around 30 °C (86 °F) most of the year, and during July and August temperatures can reach over 40 °C (104 °F).

Hurghada is a popular holiday destination for Europeans, especially during the winter, and some spend Christmas and New Year there.

Hurghada extends for about 36 kilometres (22 mi) along the coast but does not reach far into the surrounding desert. The resort is a destination for Egyptian tourists from Cairo, the Delta and Upper Egypt, as well as package holiday tourists from Europe.
