ABOUT THE AREA

Goniądz is a town in Poland, located at the Biebrza river, in Mońki county in Podlaskie Voivodeship in northeastern Poland. 80% of the town was destroyed in World War II. After its postwar reconstruction, it has become a local agriculture hub, as well as a tourist destination.

Poland, officially the Republic of Poland, is a country in Central Europe. It is divided into 16 administrative provinces called voivodeships, covering an area of 312,696 km². Poland has a population of over 38 million and is the fifth-most populous member state of the European Union.

Goniądz – A tiny town in Podlasie, located on the Biebrza River, which is actually the main attraction of this town. Goniądz and its surroundings are literally in the middle of the Biebrza National Park. Hence, the vast majority of tourists visit this town, for example in order to continue their journey into the marshy areas of the park. Thanks to the tourist area of Goniądz and the number of attractions to visit, there are also restaurants and agritourism facilities offering accommodation in the city. The city is definitely a very good starting point for exploring the Biebrza National Park.

Fun fact – Goniądz in 2010. ended up in the Guinness book. During the Rally of the Club of Polish Birds in this town, the world record for the largest image of an animal composed of people was broken in this town. 1,311 participants of the rally created the figure of the White Stork.

Accommodation in Goniądz

Noclegi – Goniądz is a kind of bedroom because it is a very quiet town. The place itself is a great starting point for planning further escapades deep into the Biebrza National Park. Most of the local residents try to earn some extra money by running agritourism and offering rooms for rent, so there is a lot to choose from when it comes to accommodation.

If we come to visit, above all, the Biebrza National Park and station as close to the river as possible, the Sośniaki agritourism, which offers private houses for rent, is a very nice solution. Of course, Goniądz is not only about accommodation in agritourism or private accommodation. There will also be more than one hotel for travelers looking for a slightly different comfort. I encourage you to have a look at the list of accommodation facilities in Google Maps .

However, if you want to visit other nearby attractions in addition to Goniądz, such as Tykocin,

Knyszyńska Forest or Białystok, I recommend accommodation in our Zacisze. We are located closer to the town of Mońki, where you can do more shopping and be closer to other attractions in Podlasie. Our rooms are furnished to a high standard, we prepare breakfasts with ecological products from our garden and we provide a family atmosphere. All our rooms can be found on the Biebrza-accommodations subpage .

In the town there is a very large restaurant in a resort complex of note Dwór Bartla, Bartłowizna has more than 100 rooms, a beautiful landscaped area, and the Biebrza Conference Center.

The hotel interior is characterized by a unique collection of clocks, paintings, and porcelain. Gastronomic base is provided by the Dwór Bartla and Gospoda Bartla, which have interesting interior arrangements, referring to the richness of the nature surrounding them.

In the resort, you'll find a picturesque park with a complex of fishing ponds and numerous place for rest and relaxation (gazebos, ponds, landscaping). The resort offers easy access to the river through a convenient pier. The complex is located in the town of Goniądz in north-eastern Poland, in the buffer zone of the Biebrza National Park. The beautiful surroundings of the Biebrza Valley, its fauna and flora guarantee unforgettable impressions and original adventures.

WIDER GDAŃSK & POMERANIA AREA

Cream-hued beaches shelving smoothly into the nippy Baltic Sea, wind-crafted dunes vivid against leaden skies, stern red-brick churches and castles erected by a medieval order of pious knights, and silenced shipyards that once seethed with anti-communist tumult – this is Pomerania, Poland's north, a land with many faces.

The epicentre of Pomerania is Gdańsk, northern Poland's metropolis, a rapidly modernising city with a photogenic historic centre. Like most of the region, Gdańsk has changed hands many times over the centuries, each invader and overseer bequeathing a layer of architecture and culture for today's visitors to enjoy.

Away from the beaches and Gdańsk's miracles in red brick you'll discover Kashubia, a region that keeps the traditional fires burning, including its own language – the perfect place to slow down and escape Poland's beaten tracks.
