Description:

We introduce you to Canal Crown de Grisogono, an architectural marvel situated along the Dubai Canal waterfront. This prestigious residential project in Business Bay is a collaboration between DAMAC and the Swiss company de Grisogono, renowned for its luxury jewelry and watches. With two elegantly designed towers offering curved balconies and lush greenery in every apartment, Canal Crown de Grisogono represents the pinnacle of contemporary living.

Inspired by the Greek word 'Chrysogonos' - which means 'begotten of gold' - de GRISOGONO is a luxury brand founded in 1993 by black diamond specialist Fawaz Gruosi, an Italian of Lebanese descent. de GRISOGONO traces its roots to traditional high jewellery that found favour during the Genevan Renaissance of the 16th century. However, even as a modern atelier, the brand stays true to time-honoured craftsmanship while its finest timepieces and jewellery continue to evolve.
