What is a "Vivienda Turística" (Tourist Home)?

A tourist home is a regular property that is officially registered for short, medium, or long-term rental to tourists. This allows you as the owner to generate an attractive return on your investment.

Important to know:

You may use the property yourself for a maximum of 4 months per year

You are required to rent it out for at least 8 months per year

Peak season (July & August) are the most profitable months

During these months, personal use is limited to a maximum of 2 weeks

A local, specialized rental company is ready to handle everything for you – from key management to cleaning and bookings. The rental license is already in place, so renting can start immediately.

Tax advantages

When purchasing a tourist property, the Spanish VAT rate of 21% applies. Good news: this amount is fully refundable through the tax authorities, usually within one year.

This project offers you a carefree, stylish, and profitable investment by the coast. Whether you are looking for a second home, a holiday retreat, or a lucrative rental opportunity – you'll find it all here. Don't wait – discover your place under the Spanish sun today!
