Description:

This beautifully designed barn conversion which has been renovated over the last eight years offers four bedrooms (or a fifth bedroom if using the ground floor office), including a master suite with its own private bathroom and walk-in closet.

This exceptional property has been thoughtfully and tastefully renovated, blending modern upgrades with timeless charm. Recent improvements include a new roof (2024), double glazing throughout, and underfloor heating in the kitchen for year-round comfort. The electrical system has been professionally updated to ensure a balanced and reliable power supply, while the sanitation system complies with current regulations. Central heating is provided by a high-efficiency wood-burning stove, connected to radiators, offering both performance and energy efficiency.

Outside, the meticulously landscaped gardens and raised vegetable beds reflect the same care and attention to detail, creating a tranquil and productive outdoor space.

The open-plan kitchen (with underfloor heating) and dining room create a warm and welcoming space, filled with natural light throughout the day. A cozy and bright enclosed veranda pleasantly extends the living space—ideal for relaxing in any season. The exposed stone on the exterior walls adds timeless charm.

Outside, a beautifully landscaped and cultivated garden offers a true haven of peace, blending perfectly with an idyllic location in a quiet hamlet close to Civray that boasts unobstructed views of the surrounding countryside. The 10m x 5m swimming pool, secured with an electric roller cover, offers both

comfort and peace of mind.
