About the Area

'Paradise' is an overworked word for most residential lifestyle estates. In the case of Khamanga Bay Private Residential Estate, it is appropriate. It is a low-density coastal-country pearl, with a magnificent pristine beach in front of the homes. The eco-friendly environment is also home to abundant fauna and flora. Fenced, gated and safe, Khamanga Bay is one of the world's finest residential beach properties. Most homes command 180-degree views over the Indian Ocean, a playground for dolphins and whales. Security is paramount, with the resultant peace of mind. Children can cycle around the estate in perfect safety, or swim in the natural tidal pool at Khamanga Bay's access controlled, secluded beach.

Few estates can match Khamanga Bay's excellent value for money, coupled with the prospect of a superb return on investment. The stands are between 1000 m² and 2000 m². However, carefully planned open common ground, fronted by coastal forest and untouched acacia thorn high ground, provides an even greater sense of space. Homeowners have the opportunity to create their own unique homes within masterful architectural themes. This enables owners to stay within the ambience of the estate, which is a key aspect in re-sale.

An underappreciated benefit of a home on a superb estate is friendship. Your neighbours are bound to be like-minded people, many of them destined to become good friends, with shared interests and hobbies. Picture a quiet braai on a Sunday evening, watching the moon rise over the aptly named Moonshine Bay. You have captured the spirit of Khamanga Bay.

If traffic jams in the big cities are exhausting you, Khamanga Bay's serenity, coupled with an array of leisure activities, will restore your sanity. Welcome to paradise!
