ABOUT THE AREA

Tomatlán is a town and municipality, in Jalisco south of Cabo Corrientes in central-western Mexico. The municipality covers an area of 153 km². As of 2015, the municipality had a total population of 35,824 people.

Jalisco is a western Mexican state fringing the Pacific Ocean. The state is known for mariachi music and tequila, both of which reportedly originated here. The capital, Guadalajara, is peppered with colonial plazas and landmarks like the neoclassical Teatro Degollado and regal Guadalajara Cathedral, with its twin gold spires. The neighboring Palacio de Gobierno houses murals by Mexican artist José Clemente Orozco.

Welcome to the heart of Mexico where jungle-shrouded mountains rise from the sea, blue agave fields blanket vast rolling hills and ancient history comes alive in colonial and rural wonderlands. Anyone looking to experience quintessential Mexico will certainly find it in the western Mexican state of Jalisco, the birthplace of mariachi music, tequila and many other classic Mexican traditions. At the center of it all stands the state capital Guadalajara with its exquisite colonial architecture, vibrant crafts and art scene

and a diverse gastronomic offering that will have you licking your chops at every turn.

For some glorious beach time, head west to the Pacific coast town of Puerto Vallarta and linger on palm-fringed sands and plunge into the wildlife-rich waters of Bahía de Banderas. Even pandemic-wary travelers can rest easy here, perhaps on a wilderness escape to the cool mountains of San Sebastián del Oeste or on a day trip to Tequila (yes, it's a drink and a destination).
