Location and Framing

Régua Weight Center

The property is located on a privileged corner between Rua João de Lemos and Rua Marquês de Pombal, in the heart of the city, known for its commercial tradition and accessibility.

- Accesses:

- Easy access from Rua José Vasques de Osório, with roads in excellent condition for passenger vehicles and goods.

- It is 3.5 km from the access junction to the A24 (Viseu-Chaves), facilitating regional and national connections.

- Excellent proximity to Services in the Surrounding Area:

- Cafes, restaurants, supermarkets, schools, pharmacies, banks, local market and gas station, all less than 1 km away.

- Efficient public transport: buses, municipal buses, trains (Douro Line), taxis and TVDE.

Building Description

Original Structure:

- Practically square shape (15.5 m x 17.5 m).

- Divided into 4 floors: basement, ground floor and two upper floors.
- Rear Facade: Direct access to the basement floor due to the natural slope of the land.

Street:

- Walled area with two iron gates, one of which is for vehicle access.

Current Status:

Due to a fire, the interior was completely destroyed, leaving only the stone facades, which preserve the charm and history of the property.

Rehabilitation Potential

Despite its current state, Inovadora has a robust external structure, offering enormous potential for transformation in several projects:

- Multifamily Housing: ideal for modern residences in the heart of the city.
- Commerce and Services: Operation of the ground floor as commercial or service spaces.
- Tourism: Development of local accommodation projects or a luxury boutique hotel, taking advantage of the tourist appeal of the Douro region.

Advantages of Rehabilitation:

- Strategic Location: Centrality and proximity to essential and attractive services.
- Real Estate Appreciation: Peso da Régua is constantly growing as a tourist and commercial destination.
- Environmental Quality: Quiet area with no noise pollution, perfect for housing and tourism.

A Unique Opportunity!

The restoration of this building could transform it into an architectural and functional landmark in the city of Peso da Régua, with possibilities ranging from residential use to innovative tourist initiatives.

With a privileged location, historic external structure and flexibility of use, the innovator is prepared for a very promising future!
