Listing details

Property for: Sale

Price: USD 136,071,074.11

Location

Country: Bosnia and Herzegovina

Posted: Oct 23, 2024

Description:

This large-scale solar power plant project in Bosnia and Herzegovina aims to achieve an installed capacity of 140 MWp, with a clear focus on generating electricity from solar energy. The estimated project value of €118,115,888.95 demonstrates the extensive investment potential and strategic importance of this project for the region and the energy sector.

The concession for the operation of the solar power plant extends over a period of 50 years, starting in 2024 and ending in 2074. The project is therefore expected to contribute to the supply of electricity and the promotion of renewable energies in Bosnia and Herzegovina for five decades.

Common

Lot Size: 1920000 sq m
