Description:

We offer you a unique investment opportunity in a highly profitable quartz-silicon mine in Bosnia and Herzegovina. The mine has an official and unlimited mining concession and raw material deposits of the highest quality that meet international standards. This investment offers long-term earnings opportunities and enormous growth potential in the electronics, solar energy and construction industries.

The mine's raw material reserves are currently estimated at 50 million tons. By acquiring the company, including the mining concession and existing rights, investors benefit directly from the resource and secure long-term income.
