Description:

We are delighted to present to you this great townhouse, located in Ciudad Quesada and in an area close to services and amenities, with some of the best views in the area!

This fabulous property is in a quiet community, with a beautifully maintained swimming pool area and gardens to enjoy. You have the benefit of two parking places, an off road parking space to the side of the house and also a closed garage. Sitting on an elevated part of the community, the villa offers the best views from the terrace and solarium!

The main terrace is to the front of the property, and has great views to the sea and mountains. From here you can enjoy dinner or relaxing afternoons with a view! In the living room you have a cosy fireplace for the winter months, and an open plan fully fitted kitchen with a breakfast bar. There is a master bedroom with an ensuite shower room and two further bedrooms which share a family bathroom.

To the rear of the villa accessed from the kitchen you have a rear terrace area which is covered for use all year round, and a newly tiled patio – perfect for summer BBQs! The patio continues to the side of the property, and down stairs you have another small patio and access to the parking area. From the rear patio you access the solarium, which is a great size, and has amazing views all around to the salt lakes, the sea

and the mountains. On the ground floor under the house you have the garage, and also a seperate room which the current owners have started to renovate to make into a guest annex.

This property is a great find, and will be good for all year round living or for a holiday home! It is sold with furniture and air conditioning, ready to use! Contact us today for your visit.
