### Description:

Turnkey-Ready Project | 59.200m<sup>2</sup> Plot | Approved 1,581.70m<sup>2</sup> Build | Luxury Surf Eco-Lodge Concept

In the heart of one of Europe's fastest-growing tourist destinations, Ecolodge-Lagos offers a rare opportunity to capitalise on the booming surf and wellness tourism sector in the Algarve. This fully approved and ready-to-build project presents a unique, upscale eco-lodge concept aimed squarely at a high-value niche market of surf enthusiasts seeking luxury, nature, and authenticity.

### Why Ecolodge-Lagos?

Surf tourism in the Algarve has seen exponential growth in recent years, with Lagos emerging as one of the top destinations for international surf travellers. Yet, the market still lacks a true high-end surf-centric resort one that combines eco-conscious design, laid-back luxury, and a seamless connection to nature and local culture. Ecolodge-Lagos fills this gap.

accessibility, with beaches, surf spots, restaurants, and nightlife all within easy reach. Its a location that simply cannot be replicated.
