Marvel at the beauty of Tulum's beaches in Quintana Roo. This magical town on the Mexican Caribbean Sea and the Mayan ruins will captivate you. Its Mayan ruins, declared a UNESCO World Heritage Site, are situated on a cliff overlooking the Caribbean Sea. With warm starry nights and clear turquoise waters, it is the only archaeological site located by the sea. It is the most photogenic spot in the region and perhaps in the entire country.

At the foot of the cliff lies Playa del Paraiso, considered one of the best beaches in the Riviera Maya. From here, excursions to the famous Mesoamerican Barrier Reef are organized. Additionally, the Sian Ka'an Biosphere Reserve covers half a million hectares and includes all possible landscapes: beaches, coral reefs, tropical jungle, dunes, and cenotes.

Experience something unique in Mexico's Magical Towns, visit Tulum.
