| Description:           | Exclusive offer on the first line of the Lielupe River! |

There is a private canal that allows you to reach the property by boat or yacht. The canal separates an island, which is connected to the plot by a concrete bridge. After clearing the island of shrubs, it opens up a beautiful view of the river. This is the highest plot in the area.

All city utilities run along the street. The plot had spacious designer house projects developed and approved. Their implementation period has expired, but they can be renewed or you may create your own project. This plot can also be purchased together with the neighboring one — more detailed information is available on our website.

The land is located in a green and cozy area, ideally suited for building a house with a private pier.
