Description:
For Sale 3 Amazing Houses in Dompierre-Les-Eglises 87

Offered for sale are these 3 amazing hamlet houses, just outside the village of Dompierre-Les-Eglises in the Haute Vienne, Nouvelle Aquitaine.

All 3 houses are in pristine condition, each with its own individual style and each having its unique wow factor; they must be seen to be appreciated.

Please ask for the video link to fully appreciate this beautiful set of houses.

The village of Dompierre-Les-Eglises has a general cafe bar/resto; together with a fishing lake and camping ground; and the houses are nicely located and only 4kms from the village's amenities, they also have the added advantage of having the countryside literally on their doorstep.

The owners chose their location well as they are only 10km from the nearest supermarket in Magnac Laval and the train station is around 17kms away at Le Dorat with direct trains into Limoges and Poitiers, with connections to Bordeaux, London & Brussels. The town of Bellac is only 24km away and Limoges's airport is a 61km drive from the house. Add all that to the even shorter distance to the main road links

and you have a location which has everything yet gives the feeling of being in the middle of nowhere it is so peaceful and quiet there.

Two of the houses are attached and have an internal door, so this would make a great house with gite, these two houses share a garden and pool. The third house is in its own gardens with its own pool. Each house has its own private areas. Making the possibilities here endless.

All the houses have mains water, electricity, they are double glazed; heating is a mix of oil-fired central heating and traditional wood burning fires.

Every area, both inside and outside these 3 houses quite simply compliments the next and all are connected by the gardens.

Normally you get a feeling when you walk into someone's home, with this set of properties that feeling of warmth and happiness was there the minute I walked through the gated entrance.

These 3 houses could easily be used as a business but are also suitable in an extended family situation with their three distinctive spaces.
