Description:
A Showcase of Distinctive Coastal Design in Hua Hin

An architectural journey unfolds from the Eastern Atlantic Ocean to Hua Hin, setting the stage for weekends filled with holidays and festive occasions at Thailand's premier seaside resort.

Our project comprises 426 one and two-bedroom apartments spread across 8 floors and two buildings. The development also includes a variety of amenities, including several multi-level common rooms, elevating the living experience for residents and guests.

Located in the heart of Hua Hin, this development embodies the pinnacle of design for which this Western coastal city is renowned. Portuguese and neo-classical styles converge in the project's architecture and landscape. Iconic azulejos tiles from Portugal are the centrepiece of the design concept.

The welcome to coastal living begins at the entrance drop-off plaza, featuring a striking waveform pattern inspired by the Stone Mosaic Art of Lisbon's Central Square.
