Description:

Looking for a large family home or even one with a separate business opportunity? Then take a look at this semi detached property on the La Laguna urbanisation in Dona Pepa, Ciudad Quesada. On the doorstep you have many facilities including a medical centre, bars, restaurants and supermarkets. The main high street in Quesada is less than a five minute drive or just over a ten minute walk away. All properties on La Laguna face the pristine gardens and two communal pools for residents to enjoy. We enter through the secure gates where there is access down to the apartment or up to the main house. Just before the entrance door there is a shady terrace overlooking the pool, ideal for enjoying meals and drinks at all times of the day and especially at night when the area is lit. Internally there is a spacious living and dining area with stairs off to the first floor. A separate door takes you downstairs and there is also an American style kitchen with wall and base units along with spaces for a dishwasher and fridge freezer. There is also another entrance door and a shower room with wc. Upstairs there are two spacious double bedrooms, both with terraces and built in wardrobes. Finally on this floor there is a great sized family bathroom with corner bath and shower over. Downstairs there is a spacious one bedroom apartment with its own entrance which could provide further accommodation or rent it out with the right permissions. There is a large bedroom with ensuite bathroom and access to a courtyard area, a living/dining room with kitchen along with a further wc. Doors take you back to the swimming pool area. Internally the property has ducted air conditioning in most of the rooms along with ceiling fans in

some rooms and solar water heating. The community is well kept and has residents from many areas in Europe.
