We offer for sale a one-bedroom apartment in the Apollon 9 complex. The apartment consists of a living room with a kitchen area, one bedroom, a bathroom, a terrace. Ideal for year-round living, summer holidays or for renting out.

The Apollon closed-type complex is located between Nessebar and Ravda. It consists of 10 separate buildings with their own closed individual territory. Each of the Apollons is a separate complex with its own infrastructure and closed territory. They are united by the Bulgarian architectural solution and common style. This is a 5-6 storey building with several sections, separate entrances and modern

elevators. The infrastructure in each building is the same: a swimming pool in the center, a recreation and sunbathing area, a children's playground, a restaurant (in one of the Apollons), a bar, security, well-kept and guarded territory. There is also a parking lot next to the complex.
