This exclusive residential complex, featuring 58 semi-detached houses in a modern design, is situated on a gentle hillside and offers panoramic views over the Atlantic Ocean.

The villas are available in T2 and T2+1 office layouts, some of which include a private garage. Every villa offers 153 m2 of gross living space - choose your preferred location and let us know your wishes!

Here's what you can expect on each floor:

On the ground floor, the entrance hall opens into an open-plan living and dining room of approximately 50 m2, which incorporates a fully equipped kitchen with an island. There is also a guest WC, as well as direct access to the terrace and garden. The communal pool, with a beautiful outdoor area including a children's pool and a small play area, changing rooms with showers and toilets, is just a few minutes' walk from your home. In the future, a small bar/cafe will be added to the pool area.

On the first floor, you'll find two bedrooms with built-in wardrobes, each with its own lovely terrace. One terrace overlooks the garden, while the larger terrace offers views towards the pool. The bathroom can be used as an en suite or shared between the two bedrooms. The 50 m2 on this floor are perfectly utilised to

In the basement, some villas have a private garage and a large storage room with washing machine, whilst others have a carport. On this lower level, there is also a spacious office with built-in wardrobe, a bathroom with walk-in shower, and a utility room.

The villas are equipped with air conditioning, solar panels for hot water, and boast energy efficiency class B for comfort, efficiency, and cost savings.
