Description:

Panorama Pool Villas has some of the best views of any development anywhere in Hua Hin. This luxury two story, four bedroom pool villa is situated on one of the best locations in the development, as far up against the mountainside as you can go. This means you have stunning sea and mountain views from all over the villa's large indoor and outdoor living areas. The property consists of a land plot size of 940 square meters with beautiful, tropical landscaped gardens. There is a covered car port large enough for two cars with central stairway leading to the main house. The saltwater swimming pool is large enough for comfortable swimming and is surrounded by ample outdoor covered living spaces to enjoy the ocean breeze. The house design allows for large, open plan living and dining spaces on the ground floor where the modern, European kitchen is conveniently situated in the center of the home on the western side of the property. Upstairs you will find 4 incredibly well fitted, fully furnished bedrooms and 4 bathrooms. The views from the second floor are jaw dropping, with the main attraction being the 2nd floor outdoor sala on the eastern wing of the villa where you can see for miles over the rolling hills onto the gulf of Thailand. This is one of the only FREEHOLD villas available on Panorama and is undoubtedly one of the best plots with some of the best views on this development, if not in Hua Hin.
