Description:

A Creative Retreat - Beautifully Converted Carpenter's Workshop with 7,570m² of Land

Once a carpenter's workshop, now a truly one-of-a-kind home this stunning conversion blends artisan craftsmanship with modern comfort, surrounded by nature and light. (Please note: as the property remains registered as an architectural workshop, it cannot be purchased with a mortgage as this would require a habitation license)

Step through the doors and into a vast open-plan living soaring ceilings, sunlight streaming through large windows, and the warmth of a huge log burner at the heart of it all. The handcrafted kitchen is a showstopper perfect for anyone who loves to cook, gather, and create.

Downstairs, you'll also find a bathroom and a practical laundry area, while upstairs offers two inviting bedrooms, another bathroom and an office space.

Outside, the opportunities are endless. The 7,570m² of land offers peace, privacy, and space to grow whether that means cultivating vegetables in the 8m x 2m polytunnel, keeping a few animals, or simply enjoying morning coffee surrounded by birdsong. There's also a 30m² agricultural support building, perfect for hobbies, storage, or creative projects.

This is more than a house it's a lifestyle. A place for artists, gardeners, makers, and dreamers to live close

to nature and in tune with their surroundings. A home that celebrates light, space, and craftsmanship in every detail.
