Description:

I present two magnificent rustic plots, with 5,000 m², located in the stunning Fonte da Benémola, one of the most beautiful and preserved areas of the municipality of Loulé.

Surrounded by nature, these plots offer a calm and authentic environment, ideal for those looking for tranquility and direct contact with the Algarve countryside.

They benefit from excellent sun exposure and expansive views of the surrounding landscape, making them perfect for various projects, such as organic farming, or simply to enjoy a refuge in nature.

Here you can count on some trees, such as olive trees, carob trees and stone pines.
With its own spring and well that in winter you can use to store water.

A few minutes from Querença and Tôr, and next to Quinta da Ombria Resort, a luxury development in full expansion, this is a rare opportunity to acquire land in an area of great potential and appreciation.

Fonte da Benémola is known for its trails, streams and biodiversity, offering a unique quality of life, just a few kilometers from Loulé and Almancil.
