Apologies for the triangle overlay on the images, this particular agent is in a very competitive sector and wishes to protect their images from being copied. If you want to see clean images of this listing simply Make an Enquiry and we will respond.

The city of Paris is divided in 20 arrondissements. The first one is in the centre, the following ones spiral outwards in a clock-wise direction. Most of the famous tourist attractions can be found in one of the central 8 arrondissements.

The arrondissements are encircled by the peripherique, a ring highway. Outside the peripherique are the banlieues, the suburbs of Paris.
